

Research Participants Needed for the...

CANSTIM STUDY

**PAID RESEARCH
PARTICIPATION**

REB# 017-2017

We are looking for individuals who:

- Smoke cannabis regularly
- Have a diagnosis of Schizophrenia or Schizoaffective Disorder
- Are between 18-55 years old

If yes to all of the above, you may be eligible to participate!!

This study examines the effects of pain-free, non-invasive brain stimulation treatment for cannabis use, craving and withdrawal symptoms, and improving cognition in schizophrenia/schizoaffective disorder
